Roger:

I am in possession of a memo from [] to Chief, TSS Logistics regarding the Explosive Container, Clam Type, MK II. This memo states that you are to be contacted for any further information concerning this item. We would appreciate having two 5x7 photographs of each view of the subject item that you would like to appear in the catalog. Please send the photographs to the attention of myself, Room 1015 Qtrs I.

Also I would appreciate your sending back to me the work sheets I left in your office on the UVH-1A Drill Kit. You mentioned before that if I wished you could arrange for photographs of this kit for inclusion in the catalog. Since we are very short handed and up to our necks in work at the time I would like to take you up on your offer. I have described on the attached sheet of paper the views I would like of the kit.

Thanks for your assistance,

25X1

We are in the process of sending out loose leaf change sheets on the involved catalogs and if the photographs could be expedited the finished product could be in the hands of the field within 6 to 8 weeks.

Thanks again
